

Alzheimer's Disease and Dementia Care Seminar

The **Alzheimer's Disease and Dementia Care Seminar** provides practical, heart-centered training for professional caregivers supporting people living with dementia. This course helps caregivers understand behaviors, strengthen communication, and create calmer, more supportive daily routines. Whatever healthcare setting, this seminar is created to help you

- Increase knowledge of the disease and its progression to adapt care over time.
- Build confidence in supporting a person with practical care strategies.
- Improving communication skills to reduce frustration and strengthen connection.
- Create calmer routines, manage challenging behaviors, and support dignity.
- Identify areas for emotional support to avoid caregiver burnout

About the Instructor

Tim Anderson is a seasoned care provider with over 20 years of experience serving older adults with cognitive impairment and dementia. He is a Certified Dementia Practitioner and Certified Alzheimer's Disease and Dementia Care Trainer through the National Council of Certified Dementia Practitioners and has provided support to residents and staff in Adult Day, Assisted Living, and Skilled Nursing communities. He holds a Master's Degree in Education from the American College of Education, Bachelor's Degree in Music from the University of Rhode Island, an Activity Consultant Certification through The National Certification Council for Activity Professionals, and a Certificate in Interdisciplinary Practice in Geriatrics from the Rhode Island Geriatric Education Center.

In addition to professional caregiving, Tim helped his grandmother care for his grandfather who lived with Parkinson's Disease Dementia for over 10 years. His passion is using music as a tool for building connection, unlocking memories, and supporting wellness.
